BIORHYTHM CHARACTER ANALYSIS AND COMPATIBILITY is used in this newsletter. The news media says what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell our true character just as astrology does. This is much easier. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers. The personal numbers tell what we are like in our hearts.

THE TRUTH is published twice a month.

Magazines, newspapers, radio & TV may quote freely from THE TRUTH as long as the author & address is given credit. Please send me a copy where possible.

## PRINCE HARRY

What will Eng-lands new Prince Harry be like?

Born 9-15-84

Confidence 20 (74%)

Emotional 24 (71%)

Mental 3 (82%)

Personal  
Biorhythm  
Numbers

He is dynamic (all high percentages). People will be drawn to him. He would make a good ruler because he cares about others (#24 emotional). He is third in line for the throne.

Second in line is his brother William born 6-21-82.

Confidence 9 (22%)

Emotional 1 (93%)

Mental 28 (70%)

Personal  
Biorhythm  
Numbers

William has a typical clergyman/policeman type personality. He would care mainly for his family & those of his kind (#1 emotional). He would be more likely to be religious. He lacks confidence (22%) & needs to be in control (70% mental) so will bully. Because his brother Harry is so strong that means William will have to fight hard to gain the control he has to have & the harder he has to fight the more of a bully he will become. His mother Princess Diana is also a natural bully. He will learn from her.

These two boys are 4% compatible in their confidence. Harry would make William feel inferior without realizing it or meaning to. They love one another (64% emotionally compatible). They are 51% mentally compatible & can tell their problems to each other. They might not be good friends when they are young but they will be when mature.

A man predicted the end of the world in 1967 and it did end...for him. He died.

## DIED IN COLLEGE HAZING

On Feb. 24, 1978 Chuck Stevens a student at New York's Alfred University, died from a "lethal mixture of beer, bourbon, wine & exposure" while locked in car trunk. This was a college hazing. The law did not require punishment when someone died or got hurt in these hazings. It was as if it was "boys will be boys."

Chucks mother Eileen Stevens has been fighting since 1978 to get hazings changed or stopped.

There were two other boys with Chuck. They were violently ill when taken out of the trunk.

Why would boys let someone do something like this to them?

Chuck born 6-15-57

Confidence 15 (30%)

Emotional 10 (29%)

Mental 24 (46%)

Personal  
Biorhythm  
Numbers

Chuck lacked confidence (30%). He felt inferior. He was a martyr (46% mental) who was attracted to trouble. He was a humanitarian (#10 emotional). That means he had tunnel vision. He saw only what he was focusing on & that was to get himself accepted.

Eileen Stevens

Confidence 4 (65%)

Emotional 12 (14%)

Mental 21 (27%)

Personal  
Biorhythm  
Numbers

Eileen has the confidence to fight the system (65%). She too is a martyr (27% mental) & not afraid to go after the system that permits young people to be put into life threatening situations. She too is a social reformer-humanitarian (#12 emotional).

These two would have been best friends.

Eileen feels hazing is against what schools & learning is about. There is now a move toward getting the fraternities to do something worthwhile instead.

Mrs Stevens wants the people who are involved with these hazings to be accountable for their actions. Right now they generally get a slap

## Pet Owners Beware

In Los Angeles, Calif.

IF YOU BRING AN ANIMAL TO THE POUND AND DO NOT SPECIFY THE ANIMALS SHOULD BE ADOPTED, THEN THE ANIMAL WILL BE PUT TO SLEEP IN ONE HOUR.

They do not have signs posted to this effect. It seems they would rather the public did not know this.

When advertising for a mate it is best to describe yourself when you say what you want in the opposite sex.

### DR. WAYNE W. DYER

Dr. Dyer said "The metaphysical is a way of life with me." He says his mission is being positive. He believes each experience is a learning experience & instead of blaming others we need to look to see what we can learn from it. Why were we given that experience? Some of the worst things that happen in our lives turn out to be the best because they force us to change our negative ways & set us in a more positive direction.

One woman had a number of problems happening to her all at one time. She has a 3% mental (the mental percentage is not the intelligence). They are the ones who think they are right ALL the time. She said if her decisions were so wrong she would not make any more decisions. From that day she has been in a mental hospital being taken care of. Because she is so stubborn she refuses to learn from her mistakes. If she did, that would mean she is not right all the time. Learning she could not be right all the time, no one can, was more than she could tolerate.

After his first book "Your Erroneous Zones" became a hit, Dyer was audited by the IRS. It was a bad experience because he did not save receipts. He has learned to save receipts & now when they audit him he looks at it as another learning experience & has turned it from negative to positive so he says.

Born 5-10-40 (he said so)

Confidence	4 (65%)	{	Personal
Emotional	11 (21%)		Biorhythm
Mental	32 (94%)		Numbers

Dyer is a social reformer-humanitarian (#11 emotional). He feels it is easy to gain confidence if we set our minds to it. He naturally has a nice amount of confidence (65%) so it would not be hard for him but it would be for one who has a low confidence percentage. They have to continually

fight to gain & keep confidence.

Dyer has a need to lead or control (94% mental), & he is doing it when people read his books & listen to his talks.

Order your own biorhythm character analysis. See order form on page 3.

### BORN AGAIN CHRISTIAN

Heard a new Born Again Christian on Phil Donahue's program say "Jews are going to hell when they die." What bad karma she is making for herself. She will have some hard lessons to learn for such a cold, calloused, unfeeling remark. Is she a typical "Good Christian?" If she is, sounds like they will be going to hell instead. Sounds as if she worships evil & calls it God. Jesus must be turning over in his grave seeing the love he tried to teach has turned to hate. Hate is being taught & they call it love. When she is born again she is likely to come back as a Jew to see what it feels like to be persecuted. She must believe Jesus is in hell. He was a Jew.

Religion is a natural element for natural parent types (#1 thru 6 emotional). The natural parent type cares mainly for their own kind. That could account for the lack of caring for others (ala Pres. Reagan). But that does not mean what they say or want to believe is real or true.

It takes an evil person to teach cruel things like that to simple lost souls who can't think or reason for themselves. If they could reason they would reject evil leaders who teach things like that. No wonder there is so much hate in this world. It is being taught in church.

Adults & children, brush your teeth while reading, watching TV or driving, wherever it is safe.

Whenever a job is new & fun the men want to do it. They were the first telephone operators & typewriters. When the job gets routine & old the men want to move to a new toy. Now they are willing to work with & be computer operators even tho it means they have to type. When the novelty wears off what new toy will they move onto while the women are left to do the drudgery routine work?

# VAN GOGH AND GAUGUIN ROOMMATES

THE TRUTH

NOVEMBER NEW MOON 1984

Vincent van Gogh & Paul Gauguin had been roommates.

## Personal Biorhythm Numbers

	Confidence/Physical	Emotional	Mental
Vincent van Gogh 3-30-1853	13 (13%)	21 (50%)	5 (70%)
Paul Gauguin 6-17-1848	11 (4%)	3 (79%)	2 (88%)
Compatibility	2 (83%)	18 (29%)	3 (82%)

They both were impressionists painters. Van Gogh had asked Gauguin to move in with him. Vincent was a combination child-adult (#21 emotional) & Paul was a parent type (#3 emotional). Vincent might have wanted someone to look after him. This would have been like a father with a teenage son. They both wanted to be in control (70% and 88% mental). Paul was strongest with this need. They would argue bitterly because they did not understand the others feelings (29% emotionally compatible). They both were natural bully types (combination high mental percentages coupled with a lack of confidence). They would try to outwit the other. Gauguin would taunt Vincent.

Paul Gauguin left his 5 children to become a painter. That is a strange thing for a natural parent type (#3 emotional) to do. Neither man was sexy (13% & 4% physical). That could have been one reason Paul left his family. He might not have wanted to be bothered with sex too often.

Both men lacked confidence (13% & 4%). Vincent let it show but Paul tried to cover up by bragging. The bragging was to try to cover up his feelings of inferiority.

Van Gogh considered himself a stranger on earth. The child part of him naturally lived in a fantasy world. He was never able to find his direction in life & felt he was a failure. He sold only one painting during his lifetime. He could not stand criticism. He naturally felt inferior (13% confidence) & criticism would have made him feel worse about himself.

Van Gogh had epilepsy & heard voices in his head. Some considered him insane. He knew he needed help but also knew he was not insane. He came to realize he would hear these voices every 3 months. He finally shot himself when he was 37 & died 7-29-1890.

## ABELL ANTI ASTROLOGY

Astronomer Dr. George Abell 3-1-27  
Confidence 16 (39%)  
Emotional 14 (0%)  
Mental 0 (100%)

I feel some astronomers are against astrology because they are afraid if astrology gets too popular people will lose interest in astronomy & they might lose their

jobs.

Astronomers are focused on "things" & astrology is focused on people. The two are so different. Because astronomers spend their lives thinking & concentrating on "things" they are not very knowledgeable about themselves & other human beings.

Abell was one of the 186 scientists who signed a petition against astro-

logy. Abell was a combination humanitarian-child (#11 emotional). He needed a lot of attention & would get it anyway he could. He would not care whom he hurt.

He lacked confidence (39%) so would pick on something or someone who could not fight back. He was a natural bully (100% mental with 39% confidence). His #11 emotional would make him appear to be doing the public a favor while he was getting his attention. He cared only for self (0% emo.).

Abell died in his sleep Oct. 6-7, 1983 when he was 56 years old. On that day he had a low physical, high emotional & a mental critical on his biorhythm chart. If Abell had chosen to get his attention in a more cheerful, positive manner he might have lived longer.

In California a jury is chosen from the Dept of Motor Vehicles, not from the voter registration. They found they have a better selection this way. There is a law against using the voter registration for this purpose. Many do not register to vote because they are afraid they might have to serve on a jury.

## OPPOSITES MARRY

A few years ago I read an article where the doctor was recommending those who are opposite emotionally should marry. His reasoning was, they both would not be down at the same time. When one is down the other could bring them up.

When I read this I was horrified. What he was recommending was two people who cannot love one another get married. When this happens they end up hating one another, bringing them both down not up, they either divorce or if they insist on staying married one of them could get some dread disease (not at ease) & die to get out.

Now hear this: Just because a person has a title of doctor does not mean they are all knowing. They might pretend all their thoughts come from scientific research. Doctors have their own opinions just like anyone. Marrying someone who is opposite you emotionally can be deadly.

Order your own compatibility before getting involved. See order form to the left.

My biggest thrill is when I match two people thru PEN PALS. I am a Libra. It saddens me when someone has a beauty or youth hangup that keeps them

# TIDBITS

Singers Diahann Carroll (7-17-35) & Vic Damone (6-12-28) have known one another for years. The tabloids say a romance has blossomed. This seems to be to get publicity for Diahann's new role in 'Dynasty'. These 2 are overall 13% compatible. The only attraction they would have is the parent (Diahann) attracted to the child (Vic). Now there is talk of marriage. If these birthdates are correct this would be a terrible mistake.

\*\*\*\*\*

Roy Acuff (9-15-03) of Grand Old Opry said when he first joined Opry "it was like a family & now it is dog eat dog." Most country stars say how everyone loves everyone else. Roy needs a lot of attention & he also loves to complain.

\*\*\*\*\*

The Love Doctor Leo Buscaglia (3-31-25?) makes people feel uncomfortable by looking intently in their eyes when they are talking & he holds onto their hand too long. He is intelligent enough to back off when they tell him they are uncomfortable. He invades another's space to get attention on self (#14 emotional) & he has the confidence to do it (74%). He would come on too strong & make the shy ones (low confidence) feel insecure.

When someone asks him a question he goes into a long speech answering because he needs to be heard (58% mental).

\*\*\*\*\*

Gary Collins (4-30-38) said he is a day person & his wife Mary Ann Mobley (2-17-37) is a night person. These two people are not emotionally compatible (7%) & this way

they can get time to themselves & not have to spend too much time together. This makes being married bearable.

## NOT PERFECT

John Francis McKay born 6-27-83  
Physical 6 (48%) } Personal  
Emotional 22 (57%) } Biorhythm  
Mental 20 (21%) } Numbers  
He was born with a cleft palate, "clenched hands," & a heart defect. 29 minutes after his birth his father killed him because he was not perfect.

John lacked confidence (48% physical). He was a natural pleaser & would have let people use him (#22 emotional). He was a martyr (21% mental) who would have gotten involved with people who would cause him trouble. His father gave him all he could possibly use on the day he was born.

John would have been too nice & would have needed some hard lessons to teach him to become harder. Maybe when John is reborn he will not be so soft.

In the old days unwanted children were killed right after birth because they did not have abortions.

Order your own biorhythm character analysis. See page 3.

## PETTY SUPERVISOR

confidence 22 (91%) } Personal  
Emotional 26 (86%) } Biorhythm  
Mental 16 (3%) } Numbers

He would feel no one can do the job as well as he & would criticize everything & everyone. He is sure he is right ALL the time (3% mental). The mental percentage is not the intelligence). As a supervisor he is petty. A worker could be fantastic on the job but if they are the type who comes in a few minutes late, he would want to fire them. This man

sees only what is right in front of his nose. He puts being late before the quality of the work.

The company is beginning to catch on to his pettiness & realize he is not a good supervisor but he was a good worker so they are sending him to school to learn computers. That would be fantastic for his personality. He will love the details & he is a natural loner (#26 emotional).

He normally is one who cares about people & things but he has no idea how to supervise. He would not be good at delegating work because he would be happiest doing it all himself.

Because he works well by himself they promoted him right into incompetency by making him supervisor.

The biorhythm should be used to promote or demote.

See order form on page 3.

ACCIDENT Years ago, on the way home from work, I got a feeling that something terrible was going to happen as soon as I got into a turn lane. When I reached the corner I ran into a little red car I had not seen. The witnesses said we just seemed to come together.

Three weeks before I had had a dream. It was so real I wrote it down & carried it in my purse. It read "It was evening. I ran into a little red car."

On that day all my biorhythms were high. The other driver just had an argument with her husband & she had a double critical on her biorhythm chart.

You can order a chart of your own. See order form on page 3. HD on a motor oil can means high detergent, not heavy duty.
